PUEBLO OF LAGUNA
GOVERNOR'S OFFICE

Mr. Dale C. Jones
District Mining Supervisor
Minerals Management Service
500 Gold Avenue, S.W.
Federal Building, Room 116
Albuquerque, N.M. 87102

Dear Mr. Jones:

We have agreed to keep the P-10, P-13, and NJ-45 Mines pumped and ventilated until May 25. You indicated in our March 25 meeting that you would like to know the maintenance costs required to accomplish this.

These costs are estimated as follows:

NJ-45 Power	\$ 1,100
P-10 and P-13 Power	7,000
Labor and Fringes for Two People	<u>4,600</u>
MINIMUM MONTHLY COST	\$12,700

The above costs assume that the underground ground support is not maintained. To allow safe access to the haulage drifts would require a far greater expenditure, especially if it was desired to keep the underground mines open for any length of time.

Sincerely,

R. D. Lynn
General Manager
